**A Boxful of Springtime $1**

Ideal for Christmas Gifts, Bridge Prizes, and Special Remembrances

Our "Boxful of Springtime" contains Daffodil bulbs which have had a special treatment to prepare them for water. Flowers without the necessity of buying them out of season.

Simply plant the bulbs in the pot which is included in each box, using either an ordinary flower pot or a jardinière, a saucer, or a bowl with sufficient depth, and place in a south window or a cool, light window and water regularly. Growth starts immediately and in about six weeks you may wonder if the bulbs are in full flower.

We have received many letters from customers telling us of their satisfaction with the results and the pleasure they derive in watching the bulbs grow and come into flower.

For Growing in Pebbles and Water

For Growing on Driftwood

**CHRISTMAS BULBS**

**HYACINTHS**

The deliciously beautiful Hyacinths, with their formal showy and a pleasing appearance to the spring garden and attract one by their sweet-scented fragrance.

Per 10 Per 100
